

Newsletter for December 2017

Coming up

Class Pass classes are in full swing. There are still some openings in our December classes. Each class is \$15.00 or you can purchase a Class Pass for \$60.00 and take as many classes as you like.

Our Class Pass ([download list here](#)) - please print your list, highlight the classes you're interested in and come on in! Samples are on display. We've also added some Sit & Sew finish days at the end of the program. Spend some time fine-tuning and finishing your projects to be ready for the big day.

Come and visit our classroom to see some of our teacher's beautiful samples on sale. There may be a perfect Christmas gift for that special someone on your list.

Our new Block of the Month is on display. We're taking registration now for a January 2018 start. As a bonus this year, Laura Coia will be offering videos demonstrating the construction of each BOM on her youtube channel <https://www.youtube.com/user/SewVeryEasy>. We will mail our block of the month for those out-of-towners who want to join in. If that's you, give us a call and reserve with a credit card payment of \$10 for registration and \$40 for your first set of 4 blocks, including finishing instructions.

Once the holiday rush is over, take some time for yourself to finish up some projects. There are some spaces left in the many clubs starting in January. We will have a UFO challenge again in January for added incentive! Look for more information in the December newsletter.
